Our Vision:

Deliver Safely, Transparency, Cost Optimization, Asset Value, Protection, Tailored Approach, Protecting the environment.

“Winning together - stakeholders and business partners”

About Gulf Navigation Maritime and Operations Management LLC

Gulf Navigation Maritime and Operations Management LLC (trade name: Gulf Navigation Maritime and Operations Management owned by Gulf Navigation LLC) (the “Company” or “GNMOM” hereafter) was established as a separate legal entity in the year 2016, under the provisions of UAE Commercial Companies Law No. of 2 of 2015.

GNMOM was formed as an integrated service company that caters to the increasing demand of Oil and Petrochemical industries capacity in the Arabian Gulf and Subcontinent regions. Looking ahead with an end in mind to serve and transform the regions business outlook in maximizing value for all stakeholders and deliver a superior service across the board.

Our strategy is a transforming one that shapes the future based on Saudi Vision 2030 and ADNOC’S integrated strategy 2030. (The largest oil companies in the regions).

We seek business excellence and improved performance that increase profitability and pursue integration opportunities that add value to our business footprint regionally and international. To generate different streams returns through new growth and expansion projects.

Refining and petrochemicals to increase output to meet the rising global demand for petrochemical products.

Potentials:

- ◆ Increase gasoline production to 10.2 mtpa by 2022
- ◆ Grow petrochemicals production [from 4.5 mtpa in 2016] to 11.4 mtpa by 2025
- ◆ Expand range of high value innovative plastics solutions
